Sky Villa

M A R B E L L A

Countryside Lifestyle & Probably one of the best views in Marbella

This unique property sits directly across from Palo Alto and offers spectacular sea and mountain views across a 1,400 m² plot, with over 441 m² of cleverly designed living space.

Located in a private and secure community of just 7 properties, Sky Villa offers a rare balance: total tranquility and nature, with Marbella town just 10 minutes away.

Although it's a semi-detached property, it feels like a stand-alone villa — bordered by a natural stone mountain wall, with the Mediterranean stretching out in front.

Above The Noise

Tucked away in the hills behind Marbella, within a natural reserve, Sky Villa is designed with family life in mind — silence, fresh air, and pure mountain water are part of the daily routine.

With 5 bedrooms, a cinema room, private pool, steam room, and gym, there's something for everyone. Whether as a full-time residence, wellness retreat, or private getaway, Sky Villa offers the perfect balance between connection and escape — just a short drive from **the Mediterranean coast**.

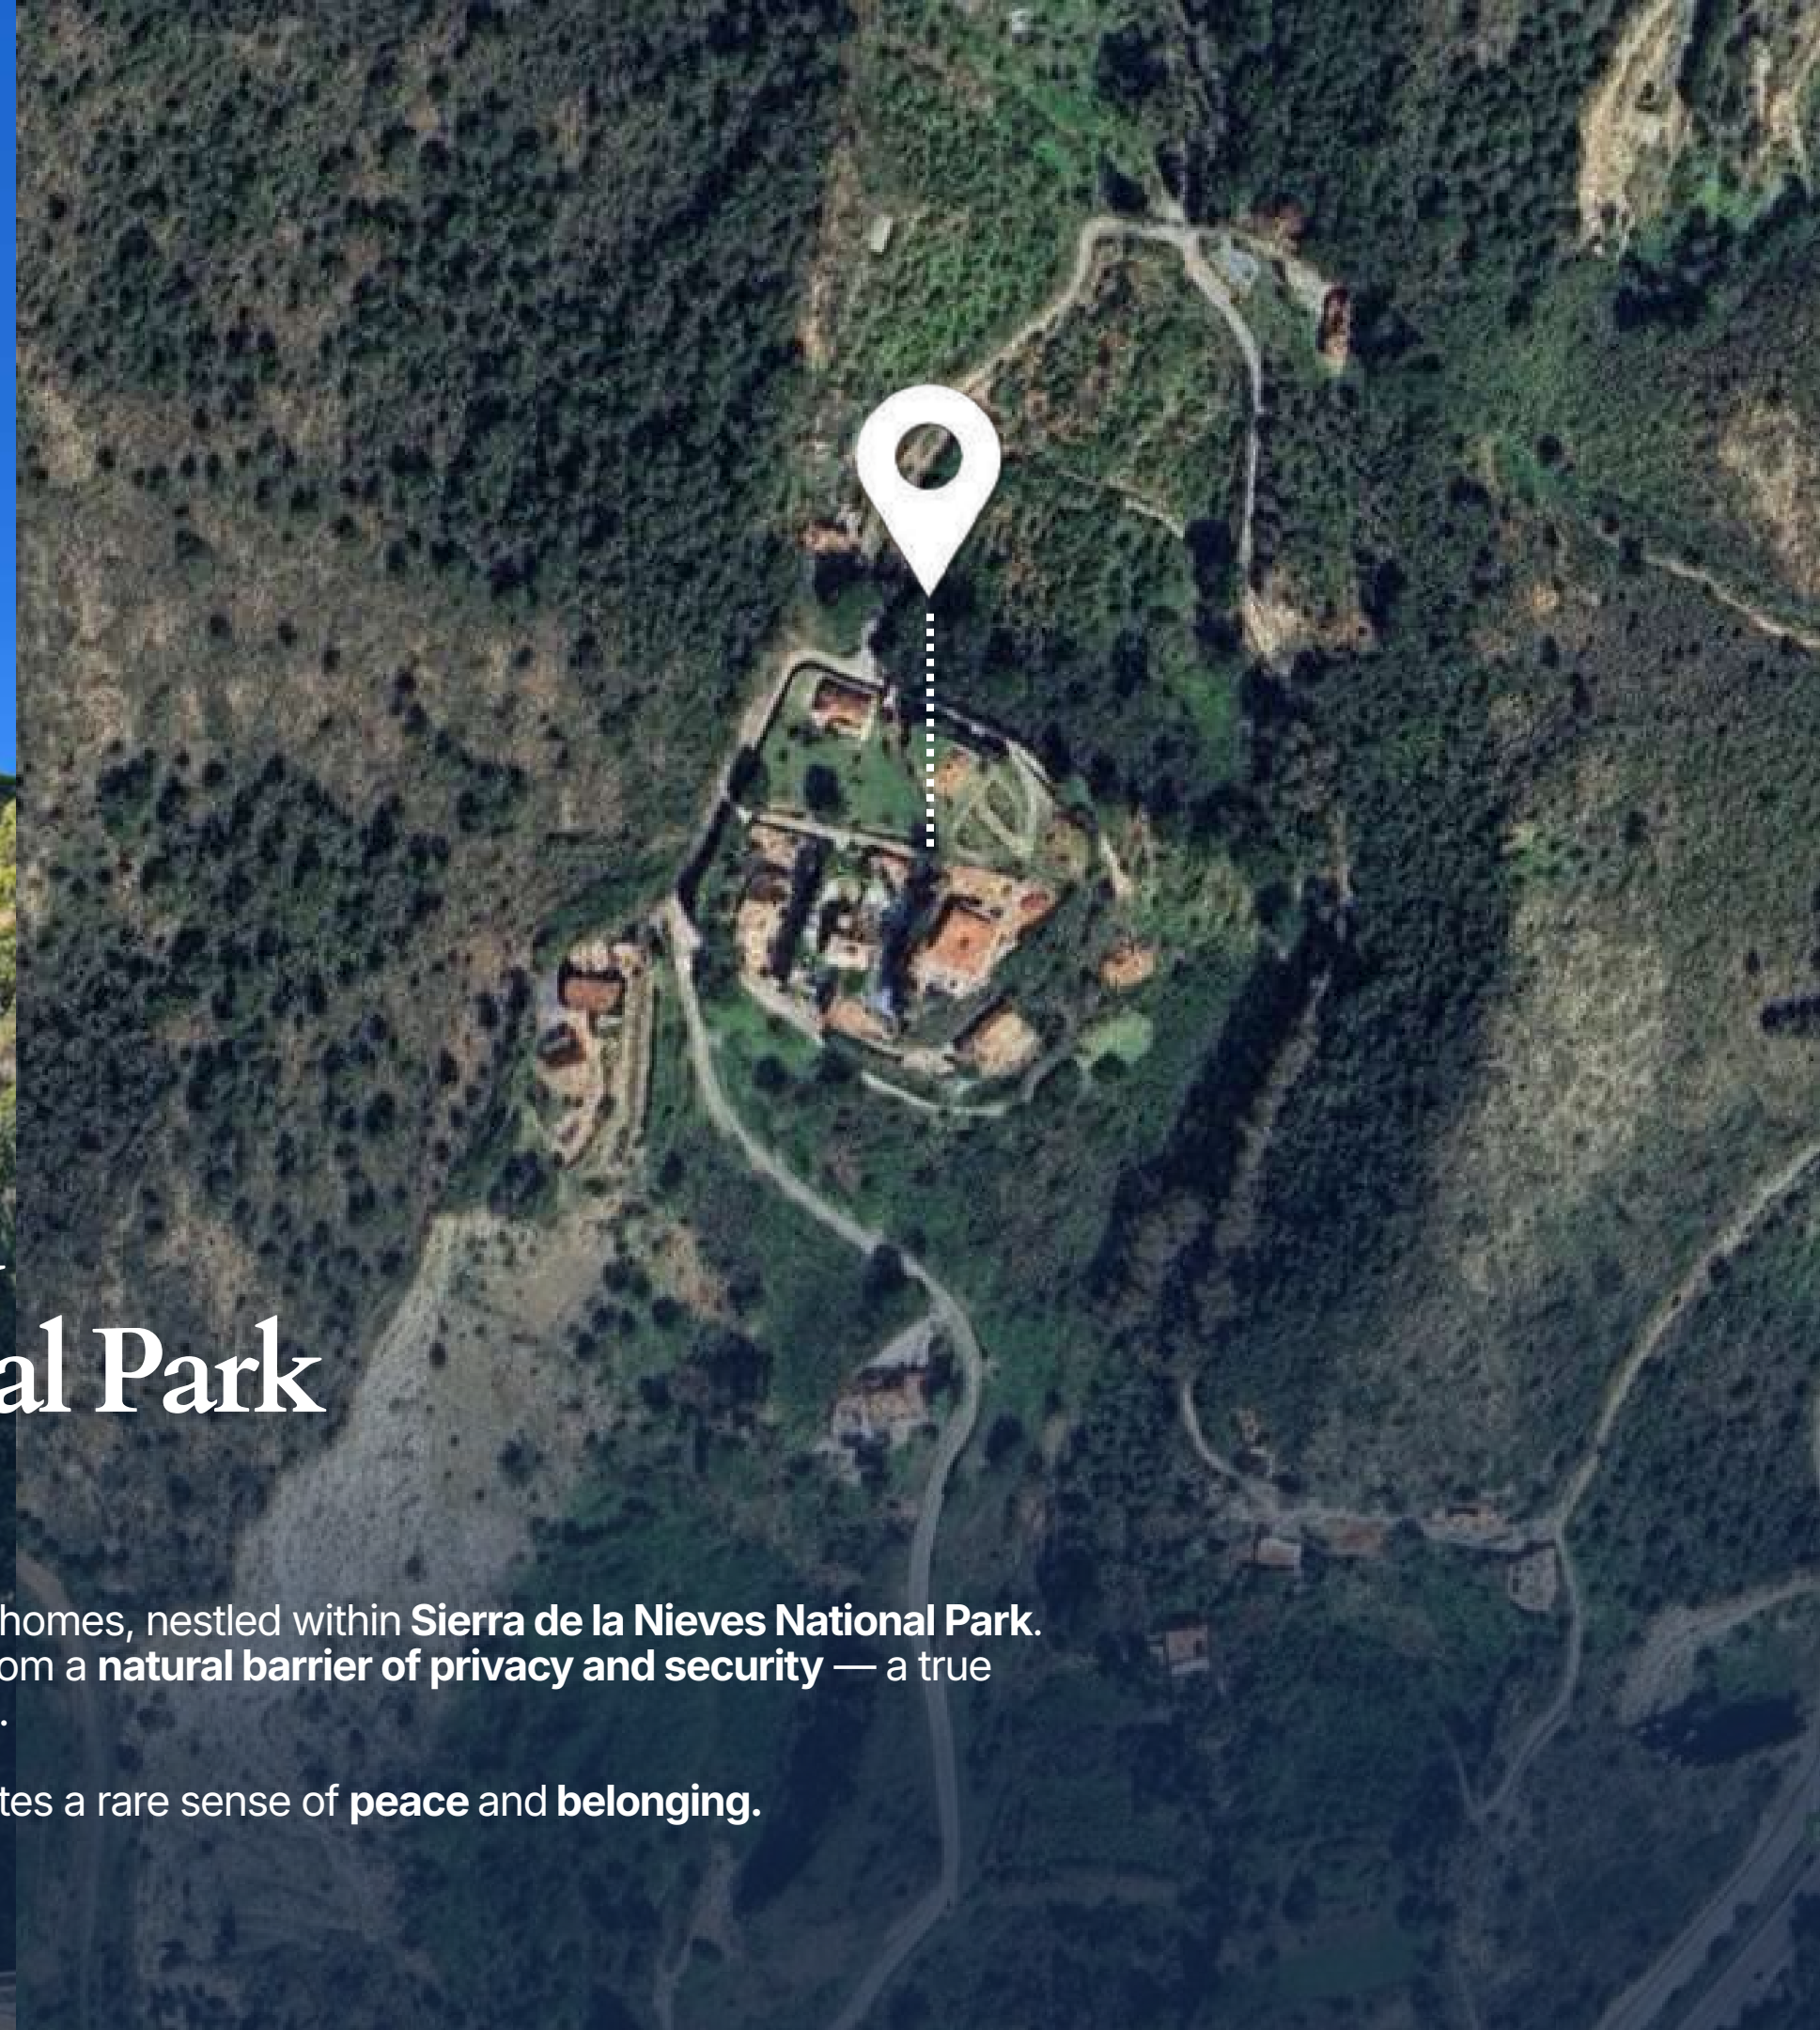

A Hidden Sanctuary in a Protected Natural Park

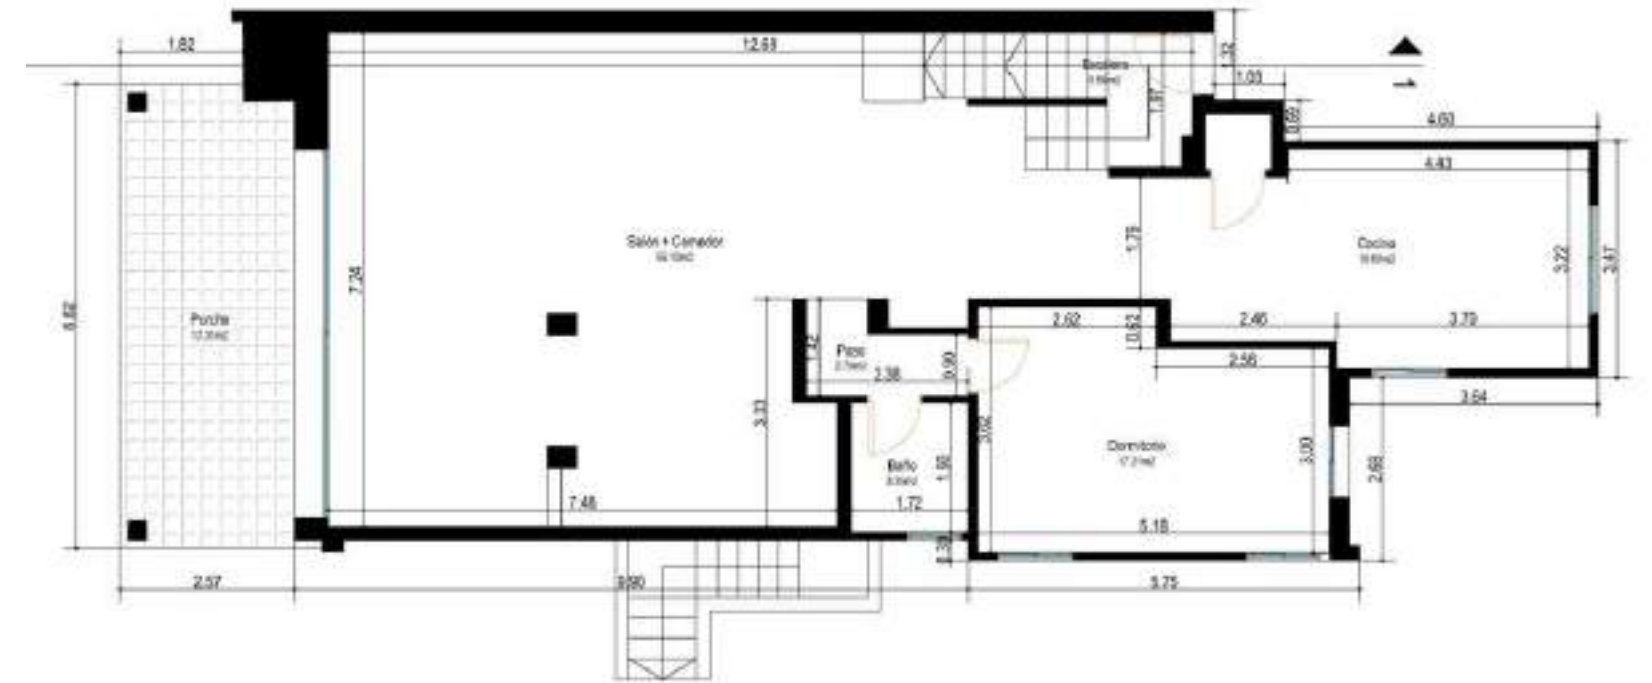

The property is part of an exclusive enclave of just 7 homes, nestled within **Sierra de la Nieves National Park**. With a single access road, the community benefits from a **natural barrier of privacy and security** — a true retreat where every car entering or leaving is noticed.

This exclusivity not only ensures safety but also creates a rare sense of **peace** and **belonging**.

Probably one of the best views in Marbella

Let your mornings begin with the horizon as your only boundary.
A place where every sunrise connects two continents —
a home that's more than architecture; it's a state of mind.
